Horticulture Products

Harvester Modular Trays

Harvester's patent pending, space saving modular tray system features a press fit **watertight seal** and eliminates the need for adhesive. Traditional modular trays are difficult to glue together and can often leak. Harvester trays can be setup in minutes. They work great in combination with Harvester rolling benches, Harvester rolling carts or racking systems. Take your growing to the next level with Harvester.

Available in **4x4, 4x5, 4x8 or 5x8**
Custom options available

Modular Tray Advantages

- 100% Watertight seal
- Instant assembly time
- Extendable and reconfigurable
- Rigid and durable design
- Maximized space
