Harvester Rolling Benches

Harvester rolling benches will help maximize your grow space and efficiency. Our benches can be made into any size to suit your grow room. They can be paired with our proprietary modular trays, to create long continuous systems. The hand cranked wheel allows the user to easily move the tables, creating aisles for easy access. Trust Harvester quality for your grow facility.

Available in **4' and 5'** widths
Any length available

Rolling Bench Advantages

- Powder coated adjustable legs, aluminum table frame, and galvanized components, with self-tapping hardware for simple assembly
- Smooth rolling action
- Customized to suit your grow room
- Can be combined with Harvester Modular, ID, or OD / ProGrow trays.
- Options - Trellis kit
